

**Rules**  
**for the Future Makers: Junior Cup Competition**  
**of the Andrey Melnichenko Charitable Foundation**

**1. GENERAL PROVISIONS**

1.1. These rules set out the goals and objectives of, as well as the procedure and conditions for, the Future Makers: Junior Cup Competition organized by the Andrey Melnichenko Charitable Foundation, abbreviated as FM:JC (hereinafter referred to as the “Competition”).

1.2. The Competition was founded by the Andrey Melnichenko Charitable Foundation in 2024 and is supported by the expert partners of the competition, JSC "MHC "EuroChem", JSC "SUEK" and LLC "Siberian Generating Company", as well as the League of Foundations from the BRICS+ countries. The goal of the competition is to promote activities in education and science, including identifying and developing talented young people in the fields of natural science research, design, and engineering.

1.3. The main purpose of the Competition:

1.3.1. Development of educational infrastructure and support for initiatives to achieve sustainable development goals.

1.4. The main objectives of the Competition:

1.4.1. Stimulating the creative activity of young people interested in science and engineering;

1.4.2. Popularizing inventive and design activities among young people and disseminating methodological tools for supporting them;

1.4.3. Forming competencies for solving real-world problems requiring scientific and engineering ideas;

1.4.4. Preparing young people for professional work in the field of creating new products and technologies..

1.5. The official languages of the Competition are Russian and English.

**2. COMPETITION MANAGEMENT**

2.1. The organizer of the competition is the Andrey Melnichenko Charitable Foundation (hereinafter referred to as "Organizer"). The Organizer announces the competition and the conditions for its conduct, forms an organizing committee, finances the organization and conduct of the competition, and covers the competition on the foundation's website, social media, and the media.

2.2. The overall management of the competition is carried out by the organizing committee (hereinafter referred to as the "Organizing Committee").

The personal composition of the Organizing Committee is approved by the General Director of the Andrey Melnichenko Charitable Foundation.

2.3. The functions of the Organizing Committee are:

2.3.1. Ensuring the successful holding of the competition and monitoring its progress;

2.3.2. Forming the jury and organizing its work;

2.3.3. Checking the preliminary and project submissions of participants for compliance

with the formal criteria set out in this Rules;

2.3.4. Awarding the winners and prize winners of the competition;

2.3.5. Forming proposals to amend this provision.

2.4. The winners and prize-winners of the qualifying and final stages of the competition are determined by a jury, which is appointed by the Organizing Committee in accordance with Section 6 of these Rules.

### **3. PARTICIPANTS OF THE COMPETITION**

3.1. The competition is open to students from general, secondary vocational, and higher education institutions.

3.2. The following categories of participants are eligible to enter the competition:

3.2.1. Pupils from grades 5-11 who are citizens of the Russian Federation and study in general education institutions according to basic general and secondary general educational programs;

3.2.2. Students from 1st to 4th courses who are citizens of the Russian Federation or countries listed in Appendix No.7 to these Rules and study at secondary vocational educational institutions according to secondary vocational programs;

3.2.3. Bachelor's degree students from 1st to 4th years who are either citizens of the Russian Federation or citizens of countries included in Appendix No.7 who study at institutions of higher education;

3.2.4. Students of the first to sixth courses, citizens of the Russian Federation, studying in institutions of higher education in accordance with specialty programs.

3.3. The format of the competition involves both individual and team participation. Individual participation means that each participant of the competition independently prepares one solution to one of the selected tasks within the scope of the competition's categories and subcategories. Team participation involves a group of participants united as a team, not exceeding the maximum number of members set, collectively preparing one solution to one selected task within the same categories and subcategories of the competition. Team participation can include a mentor, who would then be considered a member of the team. The maximum number of people in a project team is five, including a mentor if the team chooses to have one. Teams with a mixed age range of participants participate in the competition in the oldest age group, which one of their team members belongs to.

3.4. The basis for participation in the competition is a preliminary application submitted via the online form on the competition website <https://j-cup.fm> within the timeframe specified in clause 5.2.1 of these Rules. The application should include the necessary documents specified in Appendices 1, 2 and 3 of these Rules.

3.5. Each participant of the competition who submits a preliminary application to participate in the event must provide their consent for the organizer to process their personal data (hereinafter referred to as "Consent"). The organizer of the competition is the operator of the personal data of all participants.

3.6. Each participant in the contest must independently read and understand the User Agreement and Privacy Policy, which are posted on the contest website at <https://j-cup.fm> in the "Documents" section.

3.7. Adult individual participants and team members of the Competition complete a

preliminary application to participate in the Competition using the forms specified in Appendix No. 1 or Appendix No. 3 of this Rules. The Operator collects consent to the processing of personal data from adult individual participants and team members at the time of submitting the preliminary application in an automated manner. The participant grants their consent by checking the appropriate box (or clicking the appropriate button) on the form for submitting the preliminary application for participating in the Competition. If consent is granted in an automated way, then the date and time that consent was given is considered to be when the appropriate box was checked (or button clicked) on the form, and/or when the form was submitted on any page of the website.

3.8. Underage individual participants and members of the Competition teams (including mentors) submit a preliminary application to participate in the Competition using the forms specified in Appendixes No. 2 or 3 of this Rules. The Operator collects consent to the processing of personal data from underage individuals and team members in a mixed manner during the submission of a preliminary application. The participant, the subject of the personal data, provides their consent by completing and signing the consent form, which is submitted by their legal representative or representative of the participant. The completed and signed consent is submitted by uploading a scanned copy of the consent document via the pre-application form on the Competition website. 11 to this Rules) posted on the Website The competition <https://j-cup.fm> in the "Documents" section. If you agree to participate in the competition in a mixed manner, the date and time of your consent is considered to be the moment when you fill out and sign the Consent template for processing personal data and transfer it to the Operator by uploading a scanned consent file through the form on the website.

#### **4. THE CATEGORIES OF THE COMPETITION. THE MAIN STAGES OF THE COMPETITION**

4.1. The main categories of the competition are:

4.1.1. Engineering and technical challenges provided by the competition partners, referred to as the "Engineering Cup";

4.1.2. Objectives for urban development and infrastructure improvement formulated by municipal administrations in the Russian Federation, referred to as the "Cities Cup".

4.2. The process of participating in each of the categories of the Competition involves two main stages:

4.2.1. The selection stage, where the projects and submissions of participants are evaluated based on submitted documents: a project application describing the solution and an accompanying presentation. Following this stage, winners and prize winners are determined in each category, subcategory, and age group (listed in Appendix 5 of this Rules). Winners of the selection stage become finalists for the Competition and qualify for the next stage;

4.2.2. The final stage of the competition, at which the winning projects from the qualifying stage compete and the winners in each category and age group are determined. The list of categories and age groups can be found in Appendix No. 5 of these Rules. The winners of each category in each age group become the winners for that category and age group.

4.3. All participants are divided into age groups as specified in Appendix No. 5. Within each age group, participants compete individually or as teams in selected categories and subcategories of the competition.

## 5. THE STAGES OF THE COMPETITION

5.1. The competition will be announced on November 22nd, 2024.

5.2. The competition will take place in the following stages:

5.2.1. **Stage 1:** Submission of preliminary applications, which will be accepted **from November 22, 2024 until January 14, 2025, at 12:00 Moscow time.**

5.2.1.1. The Organizer will post information about the Contest on the internet, on the website [The competition https://j-cup.fm](https://j-cup.fm) (including: The Competition Rules, contact details and other necessary information), as well as on the Foundation's website, social media platforms and other media outlets.

5.2.1.2. Participants submit preliminary applications to take part in the qualifying stage of the competition.

5.2.1.3. To submit preliminary applications, participants use the preliminary application form (Appendices No. 1-3 to these Rules) posted on the Competition Website [https://j-cup .fm](https://j-cup.fm) in Russian and English. Preliminary applications are submitted in accordance with paragraphs 3.4-3.8 of these Rules.

5.2.1.4. Participants who are citizens of the Russian Federation fill out a preliminary application in Russian.

5.2.1.5. Other participants fill out a preliminary application in Russian or English.

5.2.1.6. Preliminary applications for participation in the Competition are accepted through the application form on the Competition Website <https://j-cup.fm>.

5.2.1.7. All individual participants and teams have the right to take part in the competition, whose preliminary entries were submitted within the specified time frame and meet the specified criteria: completeness of information provided, accuracy of filling out the application form, and consent to the processing of personal data.

5.2.1.8. The organizing committee has the right to unilaterally reject entries that do not meet these criteria.

5.2.2. **Stage 2: Project preparation, within the Project School framework.** – from January 15, 2025 to February 15, 2025.

5.2.2.1. Participation in the online course of the Project School and the preparation of projects to describe the proposed solutions for the selected tasks of the Competition will be carried out in an asynchronous, independent online format. Individual participants and groups of participants will independently prepare solutions to the selected tasks.

5.2.2.2. All participants whose preliminary applications have been admitted to the Competition must enroll in the online learning platform Engage located on the website <https://vovlekay.online/>. Enrollment in the platform must be complete by January 15, 2025 (no later than 12:00 Moscow time).

5.2.2.3. On the online platform, "Vovlekay", participants will take an online course from January 15 to February 15 in the asynchronous format.

5.2.2.4. The purpose of the participants' study of the Project School materials is to develop their ability to describe and package solutions for selected tasks within the Competition. Participants will learn about best practices in project work and create a project application and presentation that describes their solution.

5.2.2.5. To be eligible for admission to the competition, an individual participant or a team of participants must complete the online course offered by the Project School. This

includes completing all tasks assigned during the course and studying the materials provided by the Project School. The completion of the final test and submission of all required documents, including a completed project application and accompanying presentation, is mandatory.

5.2.2.6. The project application form (Appendix No. 4 to this Rules) and guidelines for creating the accompanying presentation can be found on the Competition website at <https://j-cup.fm> in both Russian and English.

5.2.2.7. Individual participants and teams of Russian citizens complete a project application and prepare an accompanying presentation in Russian. Non-Russian participants can also complete the application and presentation in either Russian or English.

5.2.2.8. Each individual participant or team of participants submits one completed project application and accompanying presentation.

5.2.2.9. Each adult participant or team member who is a subject of personal data must attach a completed and signed Consent to the processing of their personal data for the adult participants (Appendix 10 of this Rules) to their project application and electronic presentation in a scanned electronic format.

5.2.2.10. Each minor participant or team member who is the subject of personal data should attach a completed hand-signed consent to the processing of the legal representative's personal data (Appendix 11 of this Rules) to the project application and the accompanying electronic presentation in a scanned electronic form.

5.2.2.11. Project applications, electronic presentations, and scanned electronic forms of consents to the processing of personal data for participating in the qualifying phase of the competition will be accepted by the organizing committee via email at [jcupfm@aimfond.ru](mailto:jcupfm@aimfond.ru).

### **5.2.3. Qualifying stage: Evaluation of completed project applications and presentations, from February 16 to March 7, 2025.**

5.2.3.1. The selection stage of the competition will be conducted thanks to the evaluation of project proposals and accompanying presentations by the organizing committee and the jury, without interaction with the participants.

5.2.3.2. All project proposals submitted within the specified timeframe (no later than February 15th, 2025), in accordance with clause 5.2.2.9 of these Rules, will be reviewed by the organizing committee to ensure compliance with formal requirements (technical verification). This includes checking for completeness of information provided, ensuring that all mandatory fields on the project proposal are filled out, verifying the availability of an accompanying presentation, and ensuring that the presentation is registered in accordance with the specified requirements (Appendix 8 of these Rules). Additionally, it will be verified that the applicant has completed the online coursework for the Project School and fulfilled all tasks assigned.

5.2.3.3. The technical verification of applications by the Organizing Committee will take place between February 16 and February 23, 2025.

5.2.3.4. The Organizing Committee reserves the right to reject applications that do not meet formal criteria for technical verification.

5.2.3.5. All accepted applications meeting the formal criteria will participate in the qualifying round of the competition and be submitted to the jury for evaluation.

5.2.3.6. The jury will evaluate project applications and accompanying presentations based on criteria for evaluating projects in the qualifying phase of the competition (see Appendix 6 of these Rules).

5.2.3.7. Evaluation of technically compliant project applications will take place from February 24 to March 7, 2025, by the jury.

5.2.3.8. As a result of the evaluation of all projects participating in the qualifying round of the Competition, the winning and prize-winning projects for the qualifying round are determined. The winners and runners-up in each nomination and age category (see Appendix No. 5 of these Rules) are selected based on the number of points earned as a result of the project evaluation.

5.2.3.9. Individual participants and teams of participants whose projects were determined as **winners** of the qualifying stage of the Competition in categories, sub-categories and age groups go through to the final stage of the Competition, as well as receive invitations to the final stage of the Competition and personal electronic digital certificates confirming participation in the Competition and a place in the qualifying stage of the Competition..

5.2.3.10. Individual participants and teams of participants whose projects were determined not as winners, but as prize-winners of the qualifying stage of the Competition in nominations, nominations and age groups receive personalized electronic digital certificates confirming participation in the Competition and a place in the qualifying stage of the Competition.

#### **5.2.4. Final stage: Award ceremony and announcement of winners.**

5.2.4.1. The final stage of the Competition will be held in April 2025.

5.2.4.2. The final stage of the competition will take place in April 2025. The exact dates and location of the final event will be announced on the competition website <https://j-cup.fm> no later than March 7, 2025.

5.2.4.3. Only projects that have been selected as winners in the qualifying rounds of the competition and have been approved by the organizing committee and jury will be allowed to participate in the finals.

5.2.4.4. Each age group within each category of the competition (as specified in Appendix No. 5 of these Rules) will have its own project competition.

5.2.4.5. The competition at the final stage will take place in the form of face-to-face presentations by individual participants and teams.

5.2.4.6. At the final stage of the competition, live protection of projects takes place in the form of a presentation accompanied by a final report. Each presentation is limited to 15 minutes, including up to 10 minutes for the actual presentation and up to 5 minutes for discussion and answering questions.

5.2.4.7. The final report of each project will be evaluated by the jury according to the criteria listed in Appendix No. 7.

5.2.4.8. In case of a tie, the jury may choose to conduct consultations or interviews with individual participants or teams to break the tie if necessary.

5.2.4.9. The winners in the given category and age group are the individual participants or team of participants who achieved the highest score based on the evaluation of their project according to the criteria set at the final stage of the competition. (See Appendix No.7 of these Rules for more details.)

5.2.4.10. The Jury, by prior agreement with the Organizing Committee, has the right:

5.2.4.10.1. To recognize as the winners of the final stage of the Competition several individual participants and/or teams of participants who scored an equal number of points.

5.2.4.10.2. To approve additional nominations of the Competition and the number of

projects awarded to participants in them.

5.2.5. The winners of the final stage of the Competition are awarded with personal diplomas and valuable prizes from the Andrey Melnichenko Charitable Foundation, as well as the partners of the Competition.

## **6. THE JURY**

6.1. An independent jury will be formed to evaluate the competitive projects submitted by individual participants and teams.

6.2. The Jury will use the criteria for project evaluation for each stage of the competition (Appendices 6 and 7 of these Rules).

6.3. The Organizer may change or update the criteria for each stage at any time during the competition, but not later than January 31st, 2025.

6.4. For the qualifying stage of the Competition, the Organizing Committee will approve the composition of the jury, which can include employees of partners of the Competition and employees of the Organizer. Additionally, representatives of educational organizations, such as general, secondary vocational and higher education institutions, who are not directly involved in the work of the declared participants, can be invited as additional members of the jury. These representatives may act as mentors or experts in their respective fields. The decision to invite them is at the discretion of the Organizing Committee.

6.5. For the final stage of the competition, the organizing committee will approve the composition of the jury consisting of employees of the competition partners and the organizer. Representatives of educational institutions of general, secondary vocational, and higher education who have not been involved in the project work or consultations with the declared participants, as mentors or industry experts, may be invited as additional jury members at the discretion of the organizing committee.

6.6. Mentors are prohibited from being part of the jury.

6.7. The Jury will carry out:

6.7.1. Expert assessment of the projects submitted for the Competition in accordance with the established topics of projects, themes of nominations and categories;

6.7.2. Determination of the winners and prize winners of the qualifying stage of the Competition in each nomination, category and age group according to the criteria for assessing projects for the qualifying stage (Appendix No. 6 of these Rules);

6.7.3. Selection of winners for the final round of the competition based on the criteria for assessing final round projects (Appendix 7 of these Rules).

6.8. The jury's scores are not disclosed until the official announcement of the results.

6.9. The results of the jury's work in the competition for the evaluation of projects in each category, subcategory, and age group are recorded in protocols.

6.10. After the protocols have been completed at the preliminary stage of the competition, the intermediate results of the competition are summarized (the results of the preliminary stage, the winners and finalists of the preliminary stage in categories, subcategories, and age groups).

6.11. After the protocols have been drawn up at the final stage of the competition, the results of the competition are summarized. This includes the results of the final stage, the winners in each category and age group. The results are announced during a special ceremony,

where the winners are presented with their awards.

6.12. The organizer, organizing committee, and jury have the right to refuse requests for additional information or expertise from any participant or their representatives at any point during the competition.

6.13. No reconsideration of the jury's decisions is provided.

## **7. FINANCING OF THE COMPETITION**

7.1. The Organizer is responsible for financing the organization and hosting of the competition, including the arrangement of competition events, the production and distribution of awards (diplomas, certificates, letters of appreciation, etc.). The decision to award prizes within the framework of the competition is at the discretion of the organizer.

7.2. The Organizer will cover the costs of travel for individual competitors and teams (the number of members per team, including a coach, is specified in clause 3.3 of these Rules) to attend the final in-person stage of the competition. This includes transportation to and from the location, accommodation, and meals during the duration of the in-person competition. The terms of financing include:

7.2.1. Travel:

7.2.1.1. The Organizer shall pay for tickets for regular bus, rail, or air transport for the trip of an individual participant, a team of participants, and a mentor:

7.2.1.1.1. From the nearest railway station, airport, or bus station to the city where the final live stage of the competition will take place.

7.2.1.1.2. Back from the city where the competition's final stage is held to the nearest railway station, airport, or bus terminal.

7.2.1.2. The Organizer will not pay for:

7.2.1.2.1. Accommodation at intermediate stops during transfers (connecting flights).

7.2.1.2.2. Travel from the participant's place of residence to the airport, railway station, or bus stop before departure, and back after return.

7.2.1.2.3. Purchase of new tickets for any participant, including the mentor, who is late for departure for any reason.

7.2.2. Accommodation:

7.2.2.1. The Organizer will provide accommodation for individual participants and teams, including a mentor, during the final stage of the competition in the specified city.

7.2.2.2. Accommodation will be provided only on the days that coincide with the official dates of the final stage (hereinafter referred to as the "official days of the competition").

7.2.2.3. Accommodation outside these official days will not be provided and will not be paid for by the Organizer.

7.2.3. Meals will be provided to all participants, including the mentor, during events held on official days.

7.2.4. The Organizer will not cover any additional expenses for participants or the mentor, such as:

7.2.4.1. Personal expenses.

7.2.4.2. Transportation costs that are not directly related to their participation in the competition.

7.2.4.3. The cost of excess baggage, which exceeds the baggage allowance set by the carrier.

7.2.4.4. Additional services not included in the program of the final event of the competition.

## **8. COPYRIGHT COMPLIANCE**

8.1. The Organizer reserves the right to use the works submitted by individual participants and teams for coverage of the events of the Competition and publication of collections of materials, photo albums, videos, and any other publications related to the Competition.

8.2. The rights of authors of competition works will be respected in accordance with the laws of the Russian Federation on intellectual property protection.

## **9. OTHER**

9.1. By submitting an application, the participants confirm their full and unconditional acceptance of these Rules and all their clauses without exception.

9.2. By submitting an application for the competition, the participant freely and voluntarily gives informed and conscious consent to allow the Organizer (Andrey Melnichenko Charitable Foundation (OGRN 1167700068370, TIN 7725335279, checkpoint 772501001) located at: 53 Dubininskaya str., p. 5, Moscow, 115054, VI, com. 6), to process their personal data in written and/or electronic forms as specified in the application. This also includes any copies of documents that may contain information about the applicant's personal data if they are submitted. The processing of personal data and documents containing information about the participants is carried out by the Organizer for the purposes of conducting and covering the competition and subsequent reporting to authorized bodies and donors. This processing may include the collection, systematization, accumulation, storage, updating (changes), transfer (including to members of the organizing committee and the jury), verification and evaluation of applications, use of the personal data specified before the expiration of the relevant storage period, and destruction of the data after the specified period, in accordance with the requirements of the legislation of the Russian Federation. Consent may be withdrawn by a participant by sending a written notification via email to [contact@aimfond.ru](mailto:contact@aimfond.ru) or by mail to the address of the organizer's location: 115054, Moscow, 53 Dubininskaya Street, room VI, No. 6.

9.3. The Organizer reserves the right to make changes and additions to these Rules at any time during the duration of the Competition. Participants are responsible for monitoring any potential changes or additions to the Rules. Information regarding changes or updates will be posted in the "News" section of the official Competition website <https://j-cup.fm> within 24 hours of any relevant changes or updates.

9.4. In the event of force majeure or termination of funding for the Competition, the Competition may be cancelled at any stage.

9.5. The Competition will be considered invalid if fewer than three entries have been submitted at any point during the Competition that comply with all requirements of these Rules.

9.6. The rights and obligations related to personal data protection, in accordance with Federal Law No. 152-FZ of July 27, 2006, "On Personal Data", are governed by the terms of the User Agreement and the Privacy Policy posted on our website at <https://j-cup.fm>. The Organizer obtains consent from each registered contestant to process their personal data (see Appendices 10 and 11 of these Rules).

Appendix № 1  
to the Rules for the Future Makers Junior  
Cup Competition  
of the Andrey Melnichenko Charitable  
Foundation

**PRELIMINARY APPLICATION  
OF AN INDIVIDUAL ADULT PARTICIPANT  
IN THE FUTURE MAKERS: JUNIOR CUP COMPETITION  
OF THE ANDREY MELNICHENKO  
CHARITABLE FOUNDATION**

<b>Type of participation</b>	
------------------------------	--

*Specify the type of your participation in the competition: "Individual" or "Team"*

<b>Surname / Last Name</b>

<b>Citizenship</b>	
--------------------	--

*Specify which country you are a citizen of at the time of application,  
for example: "Russian Federation"*

**City of residence**

*Please specify the city where you currently reside at the time of applying,  
for example: "Moscow"*

**Educational institution**

*Please provide the full name of the educational institution you are currently enrolled  
in at the time of applying.*

**Current level  
of education**

*Please indicate your level of education at the time you applied.*

**Email**

*Please provide your contact email address that will be used throughout the duration of the contest.*

**Contact phone number**

*Please provide your phone number, as it will be relevant for the duration of the contest.*

**Link to a social  
media account**

*Provide a link to your social media profiles (optional).*

**Consent to the use  
of personal information**

*Confirmation and sending of consent is carried out when you mark the relevant field (or click on the relevant button) in  
a form and/or click the submit button on any page on the site..*

**2. The following section of the form is completed for each minor team member, including their mentor:**

**Surname**

*Write your Surname in the nominative case, for example "Ivanov"*

**Name**

*Write your name in the nominative case, for example "Ivan"*

**Patronymic**

*Write your patronymic in the nominative case, for example "Ivanovich"*

**Age**

*Specify your age at the time of application (full years)*

**Citizenship**

*Specify which country you are a citizen of at the time of application,  
for example: "Russian Federation"*

**City of residence**

*Please specify the city where you currently reside at the time of applying,  
for example: "Moscow"*

**Educational institution**

*Please provide the full name of the educational institution you are currently enrolled  
in at the time of applying.*

**Current level  
of education**

*Please indicate your level of education at the time you applied.*

**Email**

*Please provide your contact email address that will be used throughout the duration of the contest.*

**Contact phone number**

*Please provide your phone number, as it will be relevant for the duration of the contest.*

**Link to a social  
media account**

*Provide a link to your social media profiles (optional).*

**Consent to the use  
of personal information**

*It is necessary to download and print a template for consent to the processing of personal data for a minor participant on the "Documents" page of the Contest website (<https://j-cup.fm>). The printed consent template must be completed and signed by your legal representative (parent, guardian, or trustee) in handwriting. Once completed and signed, the consent must be scanned and the electronic version uploaded as a file to this field in the registration form.*

**Appendix No. 4  
to the Rules for the Future  
Makers: Junior Cup Competition  
of the Andrey Melnichenko  
Charitable Foundation**

**PROJECT APPLICATION  
FOR PARTICIPATION IN THE QUALIFICATION STAGE  
OF FUTURE MAKERS JUNIOR CUP COMPETITION  
BY ANDREY MELNICHENKO  
CHARITABLE FOUNDATION**

**1. Information about the project:**

<b>The selected category of the Competition:</b>	
--	--

*Specify the selected category of the Competition: "Engineering Cup"  
or "Cities Cup"*

<b>The name of the selected task:</b>	
---------------------------------------	--

*Specify the name of the selected task  
(the names of each task are published on the Contest Website)*

<b>Type of participation</b>	
------------------------------	--

*Specify how you participate in the Competition: individually or as part of a team. If you participate as an individual participant, write "Individual" in this field.  
If you are part of a team, write "Team".*

<b>Team name (for teams)</b>	
----------------------------------	--

*If you are participating in the competition as part of a team, please specify the name of your team in the relevant field. If you are an individual competitor, please do not fill in this section.*

<b>The name of your project: (no more than 300 characters including spaces)</b>	
---	--

*Please provide a name for your project that clearly describes the task you are working on.  
The name should be written in capital letters without quotation marks and without a period at the end.  
IMPORTANT: Once you submit the application, you will not be able to change the name of your project.*

<b>A brief description of your project: (no more than 2500 characters with spaces)</b>	
--	--

*This text is about the project should express the main idea, target audience, content, and most significant expected results of the project. For experts who will be evaluating the application, it should provide a concise and comprehensive answer to the question "What does the applicant want to achieve and for whom?"*

<b>Justification of the significance of your project: (no more than 2500 characters with spaces)</b>	
--	--

*It is important to describe the specific issues that the project aims to address.*

**The purpose of the project:**  
**(no more than 1000 characters,**  
**with spaces)**

*No more than 3 project goals should be specified, as a rule,  
only one project goal should be formulated.*

<b>Project objectives:</b>	
----------------------------	--

*You should clearly state all the tasks assigned to the project.*

<b>Expected project results:</b>	
----------------------------------	--

*All expected outcomes of the project should be clearly stated.*

<b>Key steps in the project implementation:</b>	
---	--

*The step-by-step process of the project should be explained.*

<b>The obtained quantitative results of the project:</b>	
--	--

*If practical work has been completed, the quantitative results of the project should be described.  
If no quantitative results have been obtained, this section should be left blank.*

<b>The obtained qualitative results of the project:</b>	
---	--

*It is necessary to describe the qualitative results of the project if practical work has been done,  
as these results cannot be measured in numerical values. If no quantitative results  
have been obtained, this section should be left blank.*

<b>Expected future development of the project: (maximum of 2500 characters with spaces)</b>	
---	--

*Plans for the future development of the project should be outlined.*

<b>Additional comments: (maximum of 2500 characters with spaces)</b>	
--	--

*Here, you can provide additional information about your project that you feel is important to include.*

## 2. Information about the mentor:

In this section, please fill out the form about your mentor, if your project has one. If your project doesn't have a mentor, simply leave the this part blank.

<b>Full name of the project mentor:</b>	
---	--

*Please provide the full name of the mentor in the nominative case.  
For example, Ivan Ivanovich Ivanov.*

<b>The place of work of the project mentor :</b>	
--	--

*Please provide the full name and official address of your mentor's workplace.*

<b>Position of the project mentor:</b>	
--	--

*Please specify the full title of the position that the mentor holds at their place of employment.*

<b>Additional information about the project mentor's experience in successful project management:</b>	
---	--

*Describe the mentor's experience with successful project management.*

<b>The work phone number of the project mentor:</b>	
---	--

*Specify the mentor's work phone number.*

<b>Mobile phone of the project mentor:</b>	
--	--

*Specify the mentor's mobile phone number*

<b>Email address of the project mentor:</b>	
---	--

*Specify the mentor's email address*

<b>Education of the project mentor:</b>	
---	--

*Please specify your mentor's educational background, for example:*

- General average
- Secondary professional education
- Unfinished higher education
- Higher education
- More than one higher
- I have a degree

<b>Consent to the processing of personal data</b>	
---	--

*If you have a mentor and have completed section 2 of the "Mentor Information" form, please ask your mentor to complete and sign consent to the processing of their personal data (Appendix No. 10, 11 of the Competition Rules).  
The handwritten consent must be scanned and uploaded to cloud storage in an electronic document format. Please provide the link to the folder in cloud storage where the electronic consent document is located. Ensure that the link is accessible and functional.*

### 3. Information about the project team:

In this section, please fill out the form for each member (copy paste below first section) of your project team. If you are a solo participant, please fill out the form only for yourself in this section.

<b>Full name of the team member</b>	
<i>Write the full name of the team member in the nominative case, for example, "Ivan Ivanovich Ivanov".</i>	
<b>Age of the team member in full years.</b>	
<i>Please specify your age at the time of applying.</i>	
<b>The role of a team member in a project</b>	
<i>Please specify the position or role of the team member in relation to the project that has been declared.</i>	
<b>Current level of education:</b>	
<i>Please specify the level of education of the team member at the time of application, such as class or course of study.</i>	
<b>Educational organization:</b>	
<i>Please provide the full name of the educational institution that the team member attends at the time of applying.</i>	
<b>Email:</b>	
<i>Specify the email address of the team member</i>	
<b>Contact phone number:</b>	
<i>Please provide the contact phone number of a team member.</i>	
<b>Link to a social media account: (Optional)</b>	
<i>Provide a link to a team member's social media profile (optional).</i>	
<b>Has the contestant previously participated in any other competitions that are similar in focus or subject matter?</b>	
<i>Please let us know if the contestant has participated in any other competitions with a similar focus or theme. If so, please provide their names and details of their participation.</i>	

(Copy paste here the same kind of information for additional team members)

### 4. Information about the accompanying presentation:

<b>Link to the presentation on the disk:</b>	
<i>Please specify the link to the folder in the cloud storage where the presentation file can be found. Ensure that the link is active and functional. Also, ensure that the presentation file has been uploaded to the cloud in PDF format.</i>	
<b>The number of slides in the presentation:</b>	
<i>Please specify the number of slides in your presentation, including the title page.</i>	

## 5. Agreement with the Competition Rules:

The submission of an application by an individual or a team confirms the full and unconditional acceptance of the Rules for the Future Makers: Junior Cup competition organized by the Andrey Melnichenko Charitable Foundation.

## 6. Consent to the processing of personal data

When submitting a project application, each participant or member of the competition team must attach their consent to the processing of personal data. To do so, you must complete and sign a consent form for the processing of personal data (Appendixes 10 and 11 of the Rules). An adult participant who is the subject of the personal data gives their consent by completing and signing the consent form for adult participants (Appendix 10 of these Rules). A minor participant who is also the subject of the data gives their consent through their legal representative (a representative of the person whose personal data is being processed) by completing and signing a separate consent form for minors (Appendix 11). All forms must be completed and signed manually.

<b>A link to the cloud storage where the scanned electronic documents of the Consent to the processing of personal data for each individual participant or team member can be found.</b>	
--	--

*Please provide the link to the cloud storage folder where the files are located.  
Make sure the link is valid and accessible.*

**Appendix No. 5**  
**to the Rules for the Future**  
**Makers: Junior Cup Competition**  
**of the Andrey Melnichenko**  
**Charitable Foundation**

**THE NUMBER OF CATEGORIES, SUBCATEGORIES, AGE GROUPS**  
**OF PARTICIPANTS AND WINNERS IN EACH STAGE**  
**OF THE FUTURE MAKERS: JUNIOR CUP COMPETITION**  
**OF THE ANDREY MELNICHENKO CHARITABLE FOUNDATION**

**The qualifying stage of the Future Makers Competition: Junior Cup organized by the Andrey Melnichenko Charitable Foundation:**

<b>Competition Categories</b>	<b>Competition Subcategories</b>	<b>Age groups</b>	<b>Number of winners (1st place)</b>	<b>Number of finalists (2nd and 3rd places)</b>
Engineering Cup	The best solution in the field of extraction of minerals	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Engineering Cup	The best solution in the field of extraction of minerals	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Engineering Cup	The best solution for producing electricity	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Engineering Cup	The best solution for producing electricity.	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Engineering Cup	The best solution in the field of fertilizer production	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Engineering Cup	The best solution in the field of fertilizer production	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Engineering Cup	The best solution in the field of mineral processing	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Engineering Cup	The best solution for mineral processing	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Cities Cup	The best solution in the field of ecology	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Cities Cup	The best solution in the field of ecology	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2

<b>Competition Categories</b>	<b>Competition Subcategories</b>	<b>Age groups</b>	<b>Number of winners (1st place)</b>	<b>Number of finalists (2nd and 3rd places)</b>
Cities Cup	The best solution for energy supply	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Cities Cup	The best solution for energy supply	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Cities Cup	The best solution for urban environment development	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Cities Cup	The best solution for urban environment development	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2
Cities Cup	The best solution for improving the quality of life in the city	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1	2
Cities Cup	The best solution for improving the quality of life in the city	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1	2

**The final stage of Competition Future Makers: Junior Cup of the Andrey Melnichenko Charitable Foundation:**

<b>Competition Categories</b>	<b>Age groups</b>	<b>Number of winners</b>
Engineering Cup	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1
Engineering Cup	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1
Cities Cup	Grades 5-11 of schools, 1-2 courses of secondary vocational education	1
Cities Cup	3-4 courses of secondary vocational education, 1-4 undergraduate courses, 1-6 specialty courses	1

**Appendix No. 6  
to the Rules for the Future  
Makers: Junior Cup Competition  
of the Andrey Melnichenko  
Charitable Foundation**

**CRITERIA FOR EVALUATING PROJECTS  
AT THE QUALIFYING STAGE  
OF THE FUTURE MAKERS: JUNIOR CUP COMPETITION  
OF THE ANDREY MELNICHENKO CHARITABLE  
FOUNDATION**

Type of criterion	Description of the criterion	Number of points, max.
<b>Common evaluation criteria for all solutions</b>		
<b>The proposed solution meets the requirements of the task</b>	<ul style="list-style-type: none"> <li>• The clear alignment of the proposed solution with the task at hand</li> <li>• The practical applicability of the solution in the chosen field, whether it be engineering or urban studies</li> </ul>	10 points
<b>Analysis and originality of the proposed solution</b>	<ul style="list-style-type: none"> <li>• The level of innovation and creativity of the solution.</li> <li>• The validity of the chosen approaches and methods.</li> <li>• Depth of analysis of source data, competitor analysis, and similar solutions.</li> </ul>	10 points
<b>The potential of the proposed solution</b>	<ul style="list-style-type: none"> <li>• Assessment of the potential for the future implementation of the project, based on the proposed solution.</li> <li>• The ability to scale or adapt the solution.</li> </ul>	10 points
<b>The quality of the description of the solution and the elaboration of the project passport</b>	<ul style="list-style-type: none"> <li>• Clarity and completeness of the provided information about the proposed solution</li> <li>• Detailed description of the key elements of the solution</li> <li>• Logic, structure, and order of data presentation</li> <li>• Well-defined goals, objectives, methods, and conclusions</li> </ul>	10 points
<b>Presentation design quality</b>	<ul style="list-style-type: none"> <li>• Meeting presentation design requirements, working within a template</li> <li>• Visual appeal and legibility</li> <li>• Visual demonstration of the key aspects of the solution</li> </ul>	10 points
<b>Additional evaluation criteria for solutions in the Engineering Cup category</b>		
<b>The quality and adequacy of the theoretical model for the solution and the justification for the possibility of its technical implementation</b>	<ul style="list-style-type: none"> <li>• How well the theoretical model has been developed, completeness and accuracy of calculations.</li> <li>• Proof of the feasibility of implementing a solution considering current resources and technologies.</li> <li>• Justification of key technical decisions and their relevance to practical implementation.</li> </ul>	10 points

Type of criterion	Description of the criterion	Number of points, max.
<b>The technological feasibility of the proposed solution</b>	<ul style="list-style-type: none"> <li>• To what extent is the proposed solution applicable, considering current technologies and equipment.</li> <li>• Considering the actual conditions of industrial production, such as reliability, scalability, and maintainability.</li> <li>• Compliance with modern technologies, such as the use of artificial intelligence (AI), automation, or modern materials.</li> </ul>	10 points
<b>The economic viability of the proposed solution</b>	<ul style="list-style-type: none"> <li>• Estimation of the project's implementation costs compared to potential benefits (savings, increased productivity, improved safety).</li> <li>• Possibility of reducing operating expenses or increasing productivity through the proposed solution.</li> </ul>	10 points
<b>Additional evaluation criteria for decisions in the Cities Cup nomination</b>		
<b>The technical feasibility of the proposed solution</b>	<ul style="list-style-type: none"> <li>• The feasibility of the development and implementation of the proposed system or technology.</li> <li>• Consideration for the existing urban infrastructure and technical standards.</li> <li>• Integration of solution components (e.g., sensors, platforms, analytical modules).</li> </ul>	10 points
<b>Integration with urban processes</b>	<ul style="list-style-type: none"> <li>• The ability to integrate the solution into existing urban infrastructure (for example, mapping, analytical platforms, lighting controls).</li> <li>• Compliance with legal and regulatory requirements.</li> <li>• Consideration for interaction with residents and municipal services.</li> </ul>	10 points
<b>Economic and environmental feasibility</b>	<ul style="list-style-type: none"> <li>• Assessment of the costs of implementing the proposed solution and potential savings for the city.</li> <li>• Impact on improving the environmental situation, such as energy efficiency, waste reduction, and biodiversity conservation.</li> <li>• Long-term benefits of implementation, including reduction of maintenance costs and improvement of urban environmental quality.</li> </ul>	10 points

**Appendix No. 7**  
**to the Rules for the Future**  
**Makers: Junior Cup Competition**  
**of the Andrey Melnichenko**  
**Charitable Foundation**

**CRITERIA FOR EVALUATING PROJECTS**  
**AT THE FINAL STAGE**  
**OF THE FUTURE MAKERS: JUNIOR CUP COMPETITION**  
**OF THE ANDREY MELNICHENKO CHARITABLE**  
**FOUNDATION**

Type of criterion	Description of the criterion	Number of points, max.
<b>General Criteria for Evaluation of All Solutions</b>		
<b>The quality of the presentation and the visual accompaniment</b>	<ul style="list-style-type: none"> <li>• Clarity of structure and logical presentation.</li> <li>• Using visualizations (graphs, diagrams, illustrations) to enhance clarity.</li> <li>• Attractiveness and professionalism in slide design.</li> </ul>	10 points
<b>The persuasiveness and professionalism of the speaker</b>	<ul style="list-style-type: none"> <li>• Demonstration of a thorough understanding of the project.</li> <li>• Clear and well-reasoned responses to the jury's questions.</li> <li>• Confidence and clarity in presenting the material.</li> </ul>	10 points
<b>The practical applicability and feasibility of the proposed solution</b>	<ul style="list-style-type: none"> <li>• The realism of the implementation, considering the declared resources and technologies.</li> <li>• Evaluation of the potential for the solution application in real-world conditions.</li> <li>• Consideration of potential risks and proposed strategies for minimizing them.</li> </ul>	10 points
<b>Innovation and creativity</b>	<ul style="list-style-type: none"> <li>• The originality of the proposed solution.</li> <li>• The use of modern technologies and techniques.</li> <li>• Adaptability and scalability of the solution.</li> </ul>	10 points
<b>Economic and environmental feasibility</b>	<ul style="list-style-type: none"> <li>• The cost-benefit ratio.</li> <li>• Impact on improving the environment or economy.</li> <li>• Long-term prospects for use.</li> </ul>	10 points
<b>Additional Evaluation Criteria for solutions in the “Engineering Cup” category.</b>		
<b>Technical elaboration and justification</b>	<ul style="list-style-type: none"> <li>• The quality and suitability of the theoretical model.</li> <li>• Evidence of the feasibility of technical implementation of the solution.</li> <li>• The validity of the technologies and methods used.</li> </ul>	10 points
<b>Potential for improved performance and security</b>	<ul style="list-style-type: none"> <li>• Specific measures to improve productivity (for example, reducing downtime and increasing efficiency).</li> <li>• Consideration of safety precautions and minimization of potential production risks.</li> </ul>	10 points

Type of criterion	Description of the criterion	Number of points, max.
<b>Additional Evaluation Criteria for solutions in the “Cities Cup” category.</b>		
<b>Integration with urban infrastructure</b>	<ul style="list-style-type: none"> <li>• Taking into account the current urban ecosystem and the potential for integration.</li> <li>• Adherence to regulatory requirements and urban planning guidelines.</li> <li>• Convenience of interaction with residents and city services.</li> </ul>	10 points
<b>Impact on the quality of urban environments</b>	<ul style="list-style-type: none"> <li>• The impact of the project on enhancing comfort, convenience, and safety for residents.</li> <li>• Attention to environmental and social factors (e.g., noise reduction, energy efficiency).</li> <li>• Possibilities for implementing the solution in other cities.</li> </ul>	10 points

**Appendix No. 8  
to the Rules for the Future  
Makers: Junior Cup Competition  
of the Andrey Melnichenko  
Charitable Foundation**

**REQUIREMENTS FOR THE DESIGN  
OF THE ACCOMPANYING PRESENTATION  
FOR THE PROJECT OF THE PARTICIPANT  
IN THE FUTURE MAKERS: JUNIOR CUP CONTEST  
OF THE ANDREY MELNICHENKO CHARITABLE FOUNDATION**

**General rules:**

Description of the project:

- The presentation should reflect the process of creating, implementing, and analyzing the project.
- Strict adherence to the project's structure, including the problem statement, purpose, objectives, description of the project stages, resources, and results (conclusions).

Presentation Template:

- A single template will be made available to all participants on the competition website and in the introductory module of the online course for the project school, which will be published no later than January 15th, 2025.
- The use of this template is mandatory for both individual participants and team participants in the competition.

Volume and structure:

- The presentation should contain no more than 16 slides.
- The first (title) slide should include the following information:
  - The name of the project;
  - Information about the author(s) (full name, education institution, city);
  - The year the project was submitted to the competition.
- The final slide should be a phrase of gratitude to the audience, (for example, "Thank you for your attention!").

Numbering:

- Each slide should have a number in the lower right corner.
- The content of the slide (text, images, tables, etc.) should not cover the slide number.

## **Recommendations for slide design:**

Location of information:

- The information should be placed horizontally.
- The main content (text and graphics) should be centered and evenly distributed.

Text elements:

- Headings should be at least 24 point size.
- Main text should be at least 18 point size.
- Use a simple, sans-serif font, such as Arial or Calibri).
- It is not allowed to use curved text, shadows, or other decorative effects, such as WordArt.

Visual elements:

- Graphic and illustrative materials (photos, drawings, diagrams) should be of high quality and appropriate.
- Use a variety of slide types: text, images, tables, charts in combination.
- Avoid overloading slides with information - focus on one key message per slide.

Color scheme and style:

- Use no more than three primary colors throughout the presentation..
- The color of text and background should have sufficient contrast for easy reading.
- Avoid excessive use of animations and slide transition effects.

Additional elements:

- Auxiliary elements, such as navigation buttons, should not distract the user from the main content.
- When using charts and tables, it is important to ensure that:
  - Diagrams should be clear and easy to understand, with clear labels;
  - Tables should be minimalistic, with an emphasis on the most important data.

## **Technical Requirements**

File Name:

- The multimedia presentation file must have a name consisting of the surname of the individual participant (for individual participants) or the name of the team of participants (for teams of participants) and the full name of the project (for example: Ivanov\_EnergyEfficiency.pptx or THE NAME OF THE TEAM\_∅ EnergyEfficiency.pptx ).

File format:

- The presentation should be saved in PDF format to prevent compatibility issues.

File Size:

- The total file size should not exceed 25 MB (to ensure the convenience of transferring and downloading).

**Charitable Foundation**

**THE LIST of COUNTRIES WHOSE CITIZENS are ELIGIBLE to**  
**PARTICIPATE**  
**IN THE COMPETITION “FUTURE MAKERS: JUNIOR CUP” of**  
**THE ANDREY MELNICHENKO CHARITABLE FOUNDATION**

1. The People's Democratic Republic of Algeria;
2. The Arab Republic of Egypt;
3. The Argentine Republic;
4. The Bolivarian Republic of Venezuela;
5. The State of Kuwait;
6. The State of Palestine;
7. The Islamic Republic of Iran;
8. The Islamic Republic of Pakistan;
9. The Kyrgyz Republic;
10. The People's Republic of China;
11. The Kingdom of Bahrain;
12. The Kingdom of Morocco;
13. The Kingdom of Saudi Arabia;
14. The Kingdom of Thailand;
15. Malaysia;
16. The Plurinational State of Bolivia;
17. The People's Republic of Bangladesh;
18. The United Arab Emirates;
19. The Republic of Azerbaijan;
20. The Republic of Armenia;
21. The Republic of Belarus;
22. The Republic of Honduras;
23. The Republic of India;
24. The Republic of Indonesia;

25. The Republic of Kazakhstan;
26. The Republic of Kenya;
27. The Republic of Cuba;
28. The Republic of Moldova;
29. The Republic of Senegal;
30. The Republic of Tajikistan;
31. The Republic of Uzbekistan;
32. The Socialist Republic of Vietnam;
33. Turkmenistan;
34. The Federal Democratic Republic of Ethiopia;
35. The Federative Republic of Brazil;
36. The Federal Republic of Nigeria;
37. The Republic of South Africa.

This information includes my last name, first name, middle initial, date of birth, citizenship, passport details, registered address, current address, place of study, educational level, home phone number, mobile phone number, email address, and results of participation in the **“Future Makers: Junior Cup” competition of the Andrey Melnichenko Charitable Foundation** (hereinafter referred to as **the Competition**).

The purpose of collecting and processing personal data is to facilitate participation in the competition and to provide information to authorized bodies, donors, and the public about the results of the competition through the Foundation's website. Additionally, the data will be stored in a database of participants and used to send invitations for future competitions and events organized by the Andrey Melnichenko Charitable Foundation.

By submitting my personal information, I grant the Foundation permission to perform various actions with my data, including collecting, recording, organizing, storing, updating, extracting, using, sharing, anonymizing, blocking, deleting, and destroying it. These actions may involve both automated and manual processes.

I also authorize the Andrey Melnichenko Charitable Foundation to take photos and videos of me participating in events related to the Competition or other events organized by the Foundation. These photos and videos can be used freely in internal and external communications of the Foundation, including but not limited to booklets, videos, and the internet. However, the photos and videos must not harm my dignity or reputation.

---

*(Surname (Last or Family Name), Name, Patronymic, Middle, or Additional Names of the minor participant)*

for the processing and use of his/her personal information specified in this document. This information includes his/her last name, first name, middle initial, date of birth, citizenship, passport details, registered address, current address, place of study, educational level, home phone number, mobile phone number, email address, and results of participation in the **“Future Makers: Junior Cup” competition of the Andrey Melnichenko Charitable Foundation** (hereinafter referred to as **the Competition**).

The purpose of collecting and processing personal data is to participate in the competition and to provide information to authorized bodies, donors, and the public about the results of the competition through the Foundation's website. Additionally, the data will be stored in a database of participants and used to send invitations for future competitions and events organized by the Andrey Melnichenko Charitable Foundation.

I grant the Foundation the right to carry out all actions (operations) with his/her personal data, including collection, recording, systematization, accumulation, storage, clarification (updating, modification), extraction, use, transfer (distribution, provision, access), depersonalization, blocking, deletion, destruction (using automated means and without using automated tools).

I also authorize the Andrey Melnichenko Charitable Foundation to take photos and videos of a minor participant's participation in the competition, with the understanding that these photos and videos may be used for internal and external communication related to the competition and other events organized by the Foundation. The Foundation may publish and distribute these photos and video materials to any media and in any way, in particular, including in booklets, videos, and on the internet, provided that they do not harm the dignity or reputation of the minor participant.

I am familiar with the procedures for conducting the competition in accordance with the rules. This consent is valid from the date of its signing and will remain in effect indefinitely. It will cease to be valid upon my written withdrawal of consent, which can be done by sending a notification via email to [contact@aimfond.ru](mailto:contact@aimfond.ru), or by mailing a physical letter to the Foundation's postal address: 53 Dubininskaya str., building 5, Moscow, 115054, Russia, VI, No. 6.
